Press Release: Delaware Department of Labor Teams Up with Community Partners to Offer Job Seekers Career Support Throughout May

WILMINGTON, DE – The Delaware Department of Labor is teaming up with statewide partners to present a series of One-Stop Resource Expos in May to highlight the Delaware Workforce Innovation & Opportunity Act (WIOA).

Dozens of partner organizations will be on hand at booths to speak with people about employment, education and other support programs.

Participating agencies will have an expo table to share key flyers, materials and information. Those attending will be able to find information about areas of interest including Jobseeker Services, Employer Services, Skills Training, Re-entry & Justice-involved Services, Certification & Apprenticeship Programs, Small Business Development Assistance and youth & adult programs.

“The Expos are an important way to show the interdependent nature of DOL’s employment programming and the community and business partners needed to connect community members to services,” said DOL Secretary Karryl Hubbard. “DOL is the employment agency, and we want to partner with organizations that are in the business of changing people’s work lives for the better.”

The purpose of the Expos is to provide critical information to Delawareans about how best to access workforce development programming across the state. The events, which are tied to several employment programs offered by DOL’s Division of Employment & Training, will span three different days, at three separate locations across Delaware.

The event dates and locations are as follows:

- Kent County: Monday, May 9 at Modern Maturity Center in, Dover
- Sussex County: Thursday, May 12 at Cheer Center in Georgetown
- New Castle County: Tuesday, May 24 at Delaware Park in Wilmington

Representatives from dozens of career services organizations like Delaware Public Libraries, Department of Health & Social Services, Goodwill of Delaware & Delaware County, Tech Impact, Delaware Tech and Delaware State University will be on hand.

The Expos will be open from 9:30am to 12:30pm and are open to the public others interested in learning more about programs that are designed to help job seekers. No registration is required.
